A. S. BOLLINGER DEAD.

Was Resident of Burlington Junction for Many Years.

A. S. Bollinger, for many years a resident of Burlington Junction, and at one time associated with W. G. Sayler in the brick making industry here, died at his home in Shenandoah, Iowa, last Friday. He would have been 81 years old on March 5.

Mr. Bollinger had been in bad health for some time, but his death was directly due to paralysis. He had eaten breakfast about 8 o'clock Friday morning and about 10 o'clock suffered another stroke of paralysis, and died shortly afterward.

He served here as justice of the peace, and was one of the community's most respected citizens while a resident here.—Bdrlington Junction Post.

H. S. SENIORS STAGE CLEVER PRESENTATION

Give Assembly Program of High Class Entertainment Yesterday Afternoon.

The high school seniors gave a program at assembly yesterday afternoon which was a high grade entertainment and delightfully presented. The music for the program was furnished by the high school orchestra, under the direction of Loren J. Schnabel. Richard Kirby gave a charcoal talk which was very clever and his cartoons of the students and faculty were amusing and remarkably true to the subject. Miss Laveta Epperson gave the senior class alphabet, which was a witty play on the various names. The feature of the program was a playlet, "The Masonic Ring," presented by nine of the class members. This sketch was well executed and the scenic effects were good.

The entire program was carried out in all details as a theatrical performance, programs finished on the new mimeograph of the school were distributed among all attending. A great many visitors were present. The entertainment was in charge of Miss Maria Hart, Miss Balsam and Miss Carpenter.

WIGHTMAN TO DIRECT M'JIMSEY CAMPAIGN

Headquarters for McJimsey for Governor Will Be Opened at Springfield Monday.

Springfield, Mo., March 5.—Frank A. Wightman, for several years a member of the railroad and warehouse commission, and director of the department of safety of the southwestern region during the period of government control of railroads, will manage the campaign of E. E. E. McJimsey, editor and publisher of the Springfield Republican, and candidate for governor.

Wightman was celected railroad and warehouse commissioner in 1904 and was renominated in 1910 and is the only Republican state official to be re elected to an office. He resigned two years later to organize the safety first department of the Frisco system under President W. C. Nixon. When the railroads were placed under federal control in 1918, Wightman was named director of safety of the southwestern region and directed the safety campaigns for eighty-two railroad corporations.

Headquarters for the McJimsey organization will be opened in Springfield Monday.

S. T. C. WINS GAME BY SCORE 33-29

PLAY SECOND GAME WITH KIRKSVILLE TEAM TONIGHT.

FINAL GAME WITH TARKIO

Date May Be Changed to March 12—Contest Tonight Called Promptly at 7:30.

In a rough and rather slow game with an unusual amount of fouls, the Maryville Bear Cats last night won from the Kirksville Bull Dogs by a score of 33 to 29. The scoring was started by Maryville with a basket from the field by Adams. The visitors then netted two goals from the foul line. From then on the Bear Cats continued to increase their lead until the first half ended with a score of 23 to 11. The visitors opened the second half with a rush, scoring 12 points within one point of a tie, before Maryville scored. A short time before the whistle blew Kirksville made another rally, netting them 7 points. The final tally was 33 to 29.

Adams starred for the Bear Cats, making 7 field goals. His floor work and passing was unusually good and his eye for the basket was pretty accurate. Richards and Wells played their usual good game on the defensive end.

Near the end of the game Houchens replaced Stewart at forward and Stewart was shifted to center in Sawyer's place. Houchens showed up well during this short time and caged one field goal. For the visitors Caldwell, center, played the stellar game, making 19 of their 29 points.

The game was rough throughout. There was 34 fouls called, 22 being called on Maryville and 12 on Kirksville. Eighteen of these fouls were personals.

The same teams will play tonight at the College Gym at 7:30 to allow the Kirksville team to leave on the 10:20 Walnash.

The score as follows:

Maryville

	G.	F.	T.	P.
Adams, f	7	0	7	
Stewart, f	3	0	2	
Sawyers, c	1	0	6	
Wells, g	0	0	2	
Richards, g	1	7	5	
Houchens, f	1	0	0	
Total	13	7	22	

Kirksville

	G.	F.	T.	P.
R. Dillinger, f	5	0	3	
F. Dillinger, f	2	0	1	
Caldwell, c	4	11	0	
Stiekler, g	0	0	2	
Jarman, g	0	0	2	
Total	9	11	32	

Referee—Thomas, Tarkio.
Scorer—Puckett. Timer—Zleun.

A second game will be played tonight between the "Bear Cats" and "Bull Dogs." The game will be called promptly at 7:30 o'clock in order to allow the Kirksville team to leave on the 9:20 Wabash. The game is not of the regular schedule and season tickets of admittance are not good.

The final game of the conference schedule will be played with the Tarkio college team. The date has been set for March 19, but an attempt will be made to have it next Firday night, March 12.

SIXTEEN NEW MEMBERS JOIN AMERICAN LEGION POST

First Meeting Held in New Quarters Last Night. Furnishing Not Yet Complete.

Sixteen new members were taken into the James Edward Gray Post of the American Legion at the meeting held last night. The present membership is about one hundred and forty.

This was the first meeting held in the new rooms in the Ryan building. The rooms are partially furnished and the men highly appreciate the gifts of furniture received from people over the city. The boys are doing the work of cleaning and fixing up the rooms as they have the time and hope to have very comfortable quarters when completed. Any one who will aid in the furnishing may notify any former soldier who is a member of the Post and they will call for the articles.

TO PROVIDE LABOR BUREAU FOR WOMEN

KANSAS SOLON INTRODUCES NEW BILL IN CONGRESS.

EQUAL INDUSTRIAL AID

Women's Labor Problems to Be Dealt With on Same Basis as That of Men.

Washington, March 5.—Equality of working conditions for women with those of men in industry is proposed in legislation introduced in congress by Representative Philip P. Campbell of Kansas.

Representative Campbell declared that with women taking the part they do in our industrial life, too little attention is given their affairs. His bill would provide a permanent woman's bureau in the Department of Labor, under woman director. The bureau will have authority to formulate standards and policies for working women, as is now done for men.

"Few people realize that nearly one-third of the wage earners of the country now are women," said Representative Campbell. "During the war we recognized that it was necessary to give some special attention to the problems of the woman worker, and in my judgment it is equally if not still more important to continue to do this in time of peace.

"It is constantly urged by working women and other women who have studied the subject that the woman worker's case, when it comes to wage questions and questions of her advancement in her calling, is either overlooked or dealt with on a different basis from the workingman's. I am convinced that the mere granting of equality at the ballot box is not enough.

"What we want is to give equal attention to women and men in industrial pursuits."

The bill establishes the present women's bureau on a permanent basis, and is in response to a widespread demand from women's organizations, officials of these organizations say. The temporary one which is made permanent under the proposed bill was created under the pressure of war. Miss Mary Anderson, the present director, is the first trade union woman ever appointed to so high an executive position in the federal service.

LAY CORNERSTONE OF CLYDE SCHOOL SUNDAY

Ceremony Will Take Place at 3 o'clock —College Concert Band Will Play.

At 3 p. m. next Sunday, March 7, Right Rev. Abbott Frowin Conrad, assisted by fathers from the abbey, will bless and place the corner stone of the new parish school at Clyde. Rev. Father Lawrence will preach the sermon. The college concert band will participate in the ceremony.

Work on the new building is progressing rapidly. Mr. O. S. Sigler, who superintended the construction of the beautiful K. of C. Student's Home at Columbia, Mo., has charge of the Clyde job. Mr. Frank Sargent of Leavenworth, Kan., is doing the brick masonry. The Simon Construction Co., of Columbia, Mo., has the general contract.

An invitation to the public to attend the laying of the corner stone is cordially extended.—Conception Courier.

The regular meeting of the Wilcox Christian Church Sunday school will be held at the usual hour Sunday morning

S. T. C. LITERARY SOCIETIES PRACTICE FOR TOURNAMENT

Three Organizations Give Programs Yesterday Afternoon at College.

As the time draws near for the tournament between the literary societies of the State Teachers College, each society is coaching and rushing their debaters and speakers. At yesterdays meeting of the Eurekan society, a secret session was held and no details were given out. The Excelsiors had no regular program but a story, "Pay" written by Marshal Long was given. This was followed by a general discussion and the laying of plans for the tournament.

The Philomathean society gave a full program which is as follows:

Duet—Freda People and Maud Fleming.

Short Story—Elizabeth Robertson.

Women of Modern Life in the Teaching Profession—Carrie Coler.

Current Events—Lola Moore.

Music—Lois Hankins, Freda Schaffer, Blanche Landfather.

Talk—Prof. Henry Miller.

At the close of the program a letter was read from former student, John Robinson, who is at present attending Drake University.

REGULATE MARRYING WAGE OF FEDERAL BANK CLERKS.

Chicago, March 5.—Male clerks employed in the federal reserve banks here cannot marry and retain jobs unless making at least $125 per month. If they are getting that amount they must obtain special permission from the chief clerk before they can marry, according to a clause in bank rules made public here today.

Funeral services for Mrs. Mary Virginia Freytag, wife of Frank Freytag, postmaster of St. Joseph, who died at 4:10 o'clock yesterday afternoon in Kansas City, will be held at 2 o'clock tomorrow afternoon at Graham. Burial will be in Prairie cemetery.

Mrs. Freytag was 58 years old and her death was due to influenza and complications. Besides her husband, she is survived by a son, Frank Freytag, Jr; a sister, Mrs. Allen McNeal, of Graham, Mo. and two brothers, C. C. McGinnis of Wray, Colo. and Stanton McGinnis of Tulare, Cal. Mrs. John Sewell of this city is a sister-in-law of Mrs. Freytag.

Mrs. Freytag was born at LaPrairie, Ill., September 28, 1861. She came to Graham, Mo. in 1864 and was married there to Frank Freytag, February 10, 1885. They went to St. Joseph in 1887.

CONGRESS IN ROW OVER SUGAR PRICE

PALMER'S PRICE ACTION TO BE INVESTIGATED.

CAUSED PRICE INCREASE

Republican Congressman Claim Action of Palmer Toward Southern Growers Raised Cuban Crop Price.

Washington, March 5.—"I will welcome the fullest possible investigation" Attorney General Palmer declared today concering the resolution of congressman Tinkham, republican from Massachusetts which passed the house today. The resolution called for an inquiry into Palmer's conduct in connection with fixing the price of Louisiana sugar and it was intimated had for its object Palmer's impeachment.

A hot row broke out in the house when the Republicans forced through a resolution authorizing investigation by the judiciary committee of the acts of Attorney General Palmer in connection with prices charged for Louisiana sugar.

The resolution directs that the investigation be directed "to the admitted concurrence of the attorney general in maximum fixed prices" of 17 and 18 cents a pound for Louisiana sugar, the basis on which the prices were fixed, and whether immunity from prosecution for profiteering was given any one for charging these prices.

UTAH EDUCATOR TALKS TO COLLEGE STUDENTS.

Prof Earl Thompson of Vernal, Utah, who is visiting in Nodaway county studying the methods used in teaching vitalized agriculture, made a talk to the students of the State Teacher's college this afternoon. Mr. Thompson spent this morning with President Richardson at the college inspecting various methods of instruction and visiting the different departments.

EVANS HOME FROM FARMERS MEETING

ATTENDS FIRST ANNUAL CONVENTION OF ORGANIZATION

MEMBER OF STATE BOARD

Myers of Columbia Elected Executive Secretary of Missouri Farm Bureau Federation.

John R. Evans, president of the Nodaway County Farm Bureau, returned this morning from Chicago where he has been attending the meeting of the American Farm Bureau Federation, which was the first meeting of the farmers' national organization and which is now made a permanent one.

Mr. Evans is also a member of the executive board of the Missouri Farm Bureau Federation and this board was in session there also. The main purpose of the state board meeting was to decide upon creating the office of executive secretary for the state organization and if made, to appoint a secretary. This office was favorably considered and Prof. A. J. Myers, director of extension work at the college of agriculture, University of Missouri, was appointed secretary. He will begin his work May 1.

Six of the eight members of the board were present at the Chicago meeting. There were twelve delegates from Missouri, including one woman, Mrs. Charles Schuttle of Farmington, Mo., who is also a member of the state executive board.

The sessions were held in the LaSalle hotel and there were many interesting speakers and many profitable discussions taken up.

One of the interesting speakers was Dr. A. C. True of Washington, D. C., director of the states' relation service, who praised the work of the state organizations and of the national organization, saying:

"Agriculture must be made a profitable industry, and the standard of living must be raised on the farms.

"Unless we can hold the intelligent, prosperous people on the farms we will not succeed. We must interest women and children as well as men and make home life on the farm more attractive and convenient."

He pointed out that this is an era of more and more group competition, which will affect agriculture, and that the farmers must take proper steps in developing their own interests.

RAIL WORKERS HEADS REFUSE TO SUPPORT STRIKE

Railway Maintenance and Way Men Dissatisfied With Verdict of Brotherhood Leaders.

Chicago, March 5.—Only 1,800 out of the 400,000 railway maintenance and way shop employes will go on a strike and even these may reconsider their decision was indicated today by the developments of a meeting of dissatisfied members of this organization. Efforts of certain officers to call a nationwide strike in defience of the agreement with President Wilson is apparently nullified it was learned today by the receipt of an ultimatum from grand officers. All big railroad brotherhoods informing them the strike will not be supported, those participating will be classified hereafter as "outlaws."

Miss Marie Murray will go to Kansas City tomorrow where she will be a guest for several days of Mr. and Mrs. W. R. Tilson and Mr. and Mrs. Ben Ecker.

Theodore Robinson, Dave Seckington and George B. Baker were among those going to St. Joseph this morning.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

100% PEP!

If Constipated, Bilious or Headachy, take "Cascarets."

Feel Jolly! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience like Salts, Oil, Calomel or harsh pills. They work while you sleep.

Death of Mrs. Jean Montgomery.

Mr. and Mrs. D. D. Lawson received a telegram last Wednesday bearing the sad news of the death of their niece, Mrs. Will Montgomery of Lancaster, Ky., which occurred at the family home February 25. She leaves to mourn her loss her husband and a month old baby boy. Mr. and Mrs. Montgomery are well and favorably known in and around Ravenwood, having lived in old Sweet Home, at the G. S. Lawson farm in the Harmony vicinity.—Ravenwood Gazette.

Ouch! Such Pain. It Takes You Right In the Back!

SOMETIMES IN THE ARM, HIP OR FOOT

It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can quickly overcome, and prolong life by taking the advice of Dr. Pierce, which is: "Keep the kidneys in good order." Avoid too much meat, alcohol or tea. Drink plenty of pure water, before meals and drive the uric acid out of the system by taking Anuric. This can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot coffee dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout; or sleep is disturbed two or three times a night. Get Dr. Pierce's Anuric (Anti-uric-acid), for it will put new life into your kidneys and entire system. You will feel full of vim, vigor and vitality, instead of tired, dragged-out and lame.

FARMER'S INCOME SUBJECT TO TAX

Gains for 1919 Must Be Figured Under U. S. Law—Returns Due March 15.

LAND SALE PROFITS TAXABLE.

Necessary Farm Expenses May Be Deducted—Special Form for Farm Income—Cash or Accrual Basis for Computing.

A farmer, shopkeeper, or tradesman must figure up his net income for 1919, and if the farm or business income plus his other income was sufficient to require an income tax return a complete return must be filed with the collector of internal revenue by March 15.

A farmer should ascertain the gross income of his farm by computing all gains derived from the sale or exchange of his products, whether produced on the farm or purchased and resold.

Farm Expenses.

From his gross income a farmer is allowed to charge off all of his necessary expenses in the conduct of the farm during the year. These include costs of planting, cultivating, harvesting and marketing. In addition to these costs he may deduct money spent for ordinary farm tools of short life bought during the year, such as shovels, rakes, etc. Also, the cost of feed purchased for his live stock may be treated as an expense in so far as this cost represents actual outlay, but the value of his own products fed to animals is not a deductible item.

Other farm expenses allowable are the cost of minor repairs on buildings (but not the dwelling house), on fences, wagons and farm machinery; also bills paid for horseshoeing, stock powders, rock salt, services of veterinary, insurance (except on dwelling house), gasoline for operating power and sundry other expenses which were paid for in cash.

As to hired help, all the productive labor is a deductible expense; but the wages of household servants, or help hired to improve the farm, as in tree planting, ditching, etc., cannot be claimed against earnings. A farmer is not allowed to claim a salary for himself or members of his family who work on the farm.

Wear and Tear.

Purchase of farm machinery, wagons, work animals, etc., also the cost of construction or extension of buildings, silos, fencing, etc., should be considered additional investments in the farm and are not proper deductions against income.

A reasonable allowance may be claimed for wear and tear on farm buildings (except the farmhouse), fences, machinery, work animals, wagons, tools, windmills and other farm equipment which is used in the conduct of the farm.

As to autos and tractors, the cost of these is not an expense, although the cost of their upkeep is an allowable deduction, if the machines are used exclusively for farm purposes and not for pleasure. Also, in such cases, a deduction for wear and tear is allowed.

Farm Losses.

The loss of a growing crop is not a proper deduction from income, inasmuch as the value of the crop had not been taken into gross income. The loss of a building or of machinery through storm, lightning, flood, etc., is an allowable deduction, but care should be taken to ascertain the correct loss sustained, as restricted by income tax regulations.

No deduction is allowed in the case of loss of animals killed on the farm, but a loss is deductible from gross income if the animals had been purchased for feed or breeding purposes.

Shrinkage in weight or value of farm products held for favorable market prices cannot be deducted as a loss, for the reason that when such products are sold the shrinkage will be reflected in the selling price.

Sale of Farms and Land.

The value of agricultural lands has been jumping during the past few years, and during 1919 many owners sold out part or all of their lands at big profits. All such gains constitute income and must be taken into the net income for the year.

Any person who sold part of a farm or ranch, or part of a parcel of land, must also show any gains realized by the sale.

The method of figuring gains and losses on such transactions is prescribed in the Income Tax regulations, copies of which may be secured from Internal Revenue Collectors.

Forms for Returns.

The Internal Revenue Bureau has issued an improved Form 1040F for the use of farmers. This form, together with Form 1040A or 1040, will give the farmer explicit information as to how to properly figure his net income for 1919.

There are two methods of figuring a farmer's income tax return this year. He may make his return on the basis of the difference between the money and goods received for his products and the cash paid out for actual allowable farm expenses within the year. Or he may make his return on the accrual basis, which means computing the receipts and expenses that pertain to the taxable year, excluding income earned and expenses incurred in previous or succeeding years.

AGRICULTURE SAMPLES DISPLAYED AT S. T. S.

R. A. Strawbridge gave the agriculture department two samples of flint corn which were grown by his son in North Dakota. One variety which is white was planted May 10, 1919, and husked August 20. The other variety, yellow, was planted May 20, and husked September 1. In all, this was about a hundred days in which the corn reached maturity. Mr. Strawbridge says that 20 acres yielded 700 bushels. Flint corn is a hard, early maturing variety, adapted to the northern states.

Ralph Palmer brought in a sample of brown hay from his father's farm. It was the last cutting of alfalfa and was put up nearly green. Brown hay is made by stacking grass almost immediately after cutting. While the feed loss is greater than in ordinary curing, the hay is very palatable and is especially recommended during a wet season.—Green and White Courier.

Mrs. Robert Burnham Buys Farm.

Mrs. Robert Burnham bought the 125 acre farm of the Conley estate at sheriff's sale at the court house Saturday. Forty acres of this farm joins the old Burnham farm and will make her a nice, well-laying farm. The price paid was $87 per acre.—Barnard Bulletin.

DEMOCRATIC NEWS.

Acynic said that humanity had ever been unfair-crucifying its Christs, placing Pilates in the chair; Read this heart-cry of Dr. Burris Jenkins in the Kansas City Post; "Which one of the prophets haveye not slain" Democracies are the most ungrateful creatures on earth. *** Savonarola was slain by a democracy. Oliver Cromwell was broken by the wheel of one. *** Washington was blackguarded up one side and down the other cursed and lied about until he could hardly bear it. *** Abe Lincoln was cursed and maligned by this same ungrateful people, and finally we shot him to death after his great heart was broken. *** (Yet, later all were revered) *** It is not inconceivable that some day when we have finished blackguarding, stabbing, and calumniating our present president we may build a monument to the father of our international peace. *** If he never does another thing right this paper is going to be grateful to him for what he has done, for it can never be undone. The idea of peace among people has taken too deep a root ever to be pulled up."

There is more joy among Republican partisans for one minor mistake in conducting the war than for all the glorious achievements in winning the war.—Canton Press.

It is now claimed that Sen. Hiram Johnson was the cause of Capt. Milligan's election in the 3rd district. Cole is also blamed with numbers of others. The trouble was Frost didn't get votes enough.—Twice-A-Week-Times.

Republican Congressmen are having a good time at the taxpayers' expense in junketing about the country in quest of Democratic "mistakes." It is a pleasant but not a very profitable activity. In making a effort the Democratic Administration doubtless made mistakes. If avoidance of error could be insured by evasion of duty, the present Republican policy would be a marvel of success.—Capital News.

The Republican leaders are working overtime trying to convince the American people, and also themselves that they (the Republicans) are going to elect the president of the United States along with a Republican Congress. They tell us in high sounding words and beautiful phrases what a wonderful thing is the Republican party, and how happy the country will be just to have them back in power.—Ellington Press.

New Zealand has a law requiring all citizens to vote at every election. If they fail to vote and cannot show good cause they are deprived of their citizenship for a certain period. This wouldn't be a bad law in this country. You should vote at every election. You know what you would DO if they wouldn't let you vote.—Mexico Ledger.

The Democrats over the country continue to fight just the same as they do in years when a president is not to be elected. They appear to have lost sight of the fact that they cannot win in November by fighting all the time.—Fayette Advertiser.

Our republican brethren of the state committee are worried. The 25,000 negro voters of St. Louis who have kept that city in the republican column and Missouri doubtful are demanding "proper recognization" by having negro policemen, negro members of the city council and school board and proportion representation on the delegation to the national convention.—Dexter Statesman.

Dr. Leonard Wood will be the easiest of all the talked of Republicans, to beat for President. It will be remembered that he was White House physician under Roosevelt, and while a graduate of West Point, took up medicine as a special study. He was supported to have been ineligible for a staff position but Roosevelt jumped him over the heads of over eight hundred regular army officers and put him at the head of the Army.—Sikeston Standard.

The Record has absolute confidence that the American people will uphold and maintain the government of the United States on the fundamental principles upon which it was founded by Washington and Jefferson more than 100 years ago. The communist and anarchist may give serious trouble but they will only succeed in getting themselves suppressed.—New Madrid Record.

The fulsome testimonials which General Wood's friends are printing now sound like patent medicine advertisements of the virtues of Dr. Peter Price's Permanent Panance—Lexington News.

The political party in power is ever the party to be critised and if possible belittled. The party being the target at which all others shoot and the President the bulls-eye of the target. The Herald agrees with the Milan Standard that; the most disgusting piece of humanity we can find these days is the Democrat who goes around with a long face telling other Democrats that the Democratic party will not elect its next ticket—throwing cold water on everyone he meets. If a real Democrat can not be proud of his party and its accomplishments.—Huntsville Herald.

Firestone Cord Tires

Firestone cords are the real solution of the heavy duty tire problem.

Cord tires are differently constructed from fabric tires—constructed for harder, heavier use. The cords are laid diagonally—each layer being imbedded in a thick cushion of rubber. The beads are heavier and stronger and the tread nearly twice as thick as fabric tires.

Firestone cord tires—like Firestone fabrics—give "MORE MILES PER DOLLAR."

Today we have every size of Firestone Cord Tires IN STOCK from 30x3½ up to and including 36x6.

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

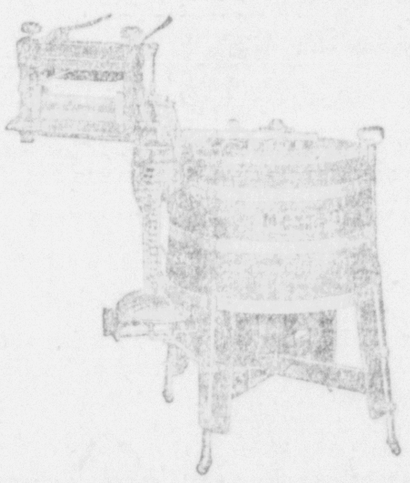
Maytag

Wood-Tub Electric Washer
Is Without Superior



YOU CANNOT FIND a more substantial washer than the MAYTAG Wood-Tub Electric.

This famous machine was one of the first electric washers on the market.

MAYTAG Electric Washers which have been in use many years are today still doing good work.

Why? Because this washer is made of the most durable materials and is built to endure the strains of more than ordinary use.

The tub is of fully seasoned Southern cypress. The legs are extended tub-staves, strongly braced. It is equipped with the MAYTAG Swinging, Reversible Wringer. Both washer and wringer are driven by a standard General Electric Motor, installed directly under the tub where it is fully protected from water. The weight is largely beneath the tub, giving it greater stability. All moving parts are encased for protection.

Come in and let us show you how even a child can operate the MAYTAG ELECTRIC. Let us show you how it handles the heaviest washings with ease, leaving the clothes as clean as snow and entirely uninjured.

The cleanest, quietest and quickest way to dispose of your washday work and worry is to install a MAYTAG ELECTRIC, whether with town electric current or with an invidivual farm electric plant.

Be sure to come in and have a complete demonstration at the earliest possible moment. We will be glad to do everything possible to make it easy for you to enjoy a MAYTAG ELECTRIC WASHER.

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

With the Moline you don't worry about what the plow or cultivator or binder is doing way back behind you. The Moline is hitched to the implement just as a team of horses would be and is driven from the seat of the implement.

Any make of implement can be used with a Moline Tractor.

THAT MAKES THE MOLINE A ONE-MAN TRACTOR.

You can control the Moline as easily as you can drive a team and you can handle the implement at the same time.

Spring work will open up with a rush this year, and you MUST order your Moline NOW if you are going to use it. Come in tomorrow and see the MOLINE.

HOPKINS PRESBYTERIANS FREES CHURCH FROM DEBT

Three hundred and forty-five Presbyterian churches in almost as many cities and town of the United States have paid off their debts and burned their mortgages, according to announcement made recently by Dr. David G. Wylie, general secretary of the Board of Church Erection of the Presbyterian General Assembly. Thirty-six states are represented.

The total payments inclure $326,687 in loans as made by the Presbyterian Board of Church Erections. Other mortgages cancelled would make the total much larger.

The Hopkins Presbyterian Church is in the list of those now being free from debt. Other churches in Missouri named are Liberty Street Church, Independence; Immanuel Church, Kansas City; First Church, Ironton; German Church, Salem; First Church, Neosho; Main Street Church, Carthage; First Church, Albany; Benton Boulevard Church, Kansas City, all being Presbyterian.—Hopkins Journal.

At a recent meeting of the directors of the Farmers State bank of Ravenwood, D. M. Bishop was elected assistant cashier to fill the vacancy caused by the resignation of John Kirkbride. Dr. E. W. Bishop has also been enrolled with the board of directors. The Farmers State bank was opened for business on July 23, 1919, and has had a splendid growth in business since that time. When the new building, which the bank is erecting, is completed they will have a very up to date banking institution.

Seed Corn Ruling.

Jefferson City.—Seed corn, when sold for seeding purposes within this state, must carry the new seed law label, except when it is sold by the grower not having advertised same for sale, the purchaser going to the grower's farm and getting the seed corn.

Persons having seed corn for sale may do their own testing, or may send a pound, an average sample of the corn to be labeled to the "Seed Testing Laboratory, Columbia, Mo.," which will be analyzed free of fees.

Seed law labels may be written out with a penoer on typewriter, but printed tags are better and may be obtained at any newspaper printing office.

The Missouri State Corn Growers' Association has a "certified seed corn" plan that is the best thing yet. Particulars may be obtained by addressing C. E. Carter, secretary, Columbia, Mo., from whom certified tags may be obtained under this plan which is available to all growers.

HUDSON SUPER SIX

Hudson for Five Years the Master in Motor and Style

Hudson Created the Touring Limousine the Sedan, and Other Distinctive Body Designs, and the Exclusive Super-Six Motor

No other fine car is so well regarded by so many people as the Hudson Super-Six. The proof is everywhere about you. More than 85,000 are now in service and for five years it has been the world's largest selling fine car.

Observe its predominance in any assemblage of fine cars. Each body type is noted for handsome appearance and rich completeness of every detail. Hudson created new standards of beauty. All know how its leadership in design is acknowledged.

But Hudson's chief appeal must always be in performance.

If any car disputes Hudson's supremacy in speed, endurance, hill climbing or acceleration, it is not by official proof.

Hudson Solves Greatest Of All Motor Problems

All automobile engineers were seeking ways to reduce motor vibration when Hudson solved the problem through the patented Super-Six motor. It added 72 per cent to power and almost doubled efficiency. No weight or cylinders were added.

And the Super-Six at once proved its leadership. It became the most famous speed car, winning all important stock car speed records, and with special cars embodying the Super-Six principle it won distinction in all championship speedway events.

But it was not to prove speed that these tests were made. Hudson merely established its speed qualities in development of its value as a reliable, enduring car, such as you want.

These Tests Helped Build the Present Hudson

And remember, it was chiefly through endurance, made possible by its exclusive motor, that Hudson won these victories. Such tests impose a strain that could be equalled, in ordinary driving, only by years of hard use.

These records are three, four and five years old. Yet they have never been matched. And the Hudson of today is a better car because of what they taught.

But not the slightest change has been made in the Super-Six motor principle. For no way has been found to improve it.

And because it has found no rival in performance Hudson's sales leadership among all fine cars has been unbroken.

Hudson production has always been under the demand. This year shows a repetition of the shortage. So to get a Hudson at all this summer calls for early decision.

Berlin.—During the period of the war Germany was by force of circumstances isolated from those centers where fashions are created and was forced to evoke her modes for herself. It must be admitted that the German efforts in this direction met with considerable success. Many designers and costumers had studied their art in Paris, and when the war drove them out of France they returned home and began to apply their knowledge in a practical manner. Buyers from Holland and Scandinavia have purchased largely in the German fashion trade, partly, doubtless, owing to the remunerative rate of exchange. The German houses interested in all branches connected with the adornment of the fair sex have formed an association, whose motto may be said to be "German clothes for German women."

An effort is to be made to prevail upon German society women not to relapse into the snobbishness which consists in going abroad for their clothes. As a leading milliner said, however, it is quite easy to mark a hat "Rue de la Paix" in a German workshop, if the customer derives any satisfaction from this proof of smartness.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

STUDENTS SET DATE FOR FARMERS FAIR.

Columbia, Mo.—April 9 will be a big day among the students of the College of Agriculture of the University of Missouri, for on that day they will stage their annual farmers' fair, which has grown to be one of the biggest student entertainments in the United States. All the attractions of the usual Missouri county fair will be reproduced or burlesqued by the students. A new feature this year will be a vigilance committee to see that every student does his share of work in preparing for the fair.

The Modern Shoe Shop and Shine Parlor

We have opened a modern and up-to-date Shoe Shop and Shine Parlor in the building formerly occupied by the Maco Print Shop, three doors south of the First National Bank.

"Tom" Penisten has removed his repair shop from the Montgomery Shoe Co., and Mr. Shanks, who has been associated with him in the past, will continue as a partner in the business. We have installed new equipment and machinery, and think we are safe in saying that we have the best equipped shop in Northwest Missouri. In connection we have a modern ladies' and gent's shining parlor, which will be in charge of "Bill" Mitchell.

We will be looking for our old friends and patrons at our new shop, and trust that our service and work will bring us many new ones.

MANY IN RIVALRY FOR BRAZILIAN AIR RIGHTS

Agents From Four Countries Are Trying to Interest Officials at Rio.

There is a keen rivalry between airplane manufacturers of the United States, France, Great Britain and Italy for the privilege of developing commercial aviation in Brazil. All of them have had representatives at Rio de Janeiro for months endeavoring to interest the government in their projects or to obtain concessions permitting them to operate aerial freight and passenger lines.

The British Handley-Page company has obtained a government concession to establish an air line for passengers and cargo between the principal cities of Brazil, but no British machines have yet arrived.

It is said that £2,000,000 has been set aside to develop air routes by this concern along the entire coast from Pernambuco to Buenos Aires, with stations at eight points on the way. It is stated that powerful machines of the four-motor type, capable of carrying a ton of freight and 25 passengers, will be used. The British company proposes to operate the lines until Brazilian companies are organized to take over the business and buy the airplanes.

One American company has two expert aviators and four machines on the ground, but it is not known that they have done anything other than to give some exhibition flights. Application has been made to the government for permission to establish a limited passenger service in the vicinity of Rio de Janeiro.

A representative of a large American financial institution who recently investigated the possibilities of commercial aviation in Brazil said that the country did not at present offer a profitable market for American airplane manufacturers, but he added:

"The foreign manufacturer who remains on the ground during the lean years and aids in the development will eventually receive financial reward and, what is more important, he will place the nation he represents in a position of greatest influence in South American aeronautics."

JUST AS WISE MAN SAID

Manager of English Factory Admits His Men Are All Liars.

Little Johnny Harrison sent a tear-stained letter to his employer in a big Sheffield (Eng.) cutlery plant on the day of a big football match, saying his grandmother had died.

The employer was a skeptic and discovered that both Johnny's grandmothers had died before he was born. So Johnny was sacked. His parents however, claimed a week's wages in lieu of notice to a local tribunal, for in Great Britain high-grade officials are entitled to three months' notice, clerks one month, workmen a fortnight, and little office boys a week.

The manager said he dismissed the boy for telling lies.

The chairman of the tribunal said: "But what if you dismissed all the men in your employ who told lies?"

The manager colored and said: "I would not have a man left."

MADE THE DANCE REAL

Living Fox Joined Whirlers Who Were Busily Doing Popular Trot.

The first fox that has ever danced the fox trot made his debut at the Hotel St. Francis, San Francisco, lately. His effort precipitated a near riot.

The fox, which had been sent to Chief Clerk Harry Boyle by Prof. Andrey Chatain of Chicago, a St. Francis guest who recently went to the Yosemite, was left in the check room. When Boyle picked up the box to take the fox home the bottom fell out.

The fox jumped a counter four feet high and dashed into the Borgia room among the dancers, who, at the moment, were swaying to the tune of "Take Your Girlie to the Movies."

Across the floor the fox scampered, brushing the ankles of several female Terpsichores, who held their partners in a deathlike grip and screamed. The music jazzed on. It was a half hour later before the fox was cornered.

MAGPIES PECK AT CATTLE

Animals on Montana Ranges Suffer From Attacks of Birds, and Cold.

Swarms of hungry magpies are attacking half frozen, famished range cattle in some sections of Montana, according to telephone messages received from farmers by the Butte Miner.

The birds swoop down upon the cattle and peck at brands, causing wounds which are made more serious by cold weather and lack of food.

Hundreds of range cattle are said to be dying from starvation since the severe weather set in. One farmer is said to have shot seventeen of his herd, that the stock might be saved for beef before they perished.

"Roll" Satisfies Mother.

Sarah Jacuras, 18, was brought into the police court at Waterbury, Conn., by her mother, who declared the girl to be incorrigible. The mother said the girl wanted to marry a man 77, who was also in court, and she thought the girl too young to wed.

When the prospective bridegroom, however, flashed a "roll" of $2,500 in court the mother withdrew her objection to the match and the case was nolled.

Social, Clubs Churches

Quilting Party.

Making quilts was the work of the Ladies' Patriotic club of Ravenwood which met yesterday afternoon at the home of Miss Agnes Stoneburner. Those present at the meeting were Mrs. R. B. Hanks, Mrs. Charles Bailey, Mrs. Lou Joy, Mrs. M. L. Bently, Mrs. A. B. Crater, Mrs. David Crater, Mrs. Chester Thompson and Miss Stoneburner.

Beattie-Davidson.

Miss Jennie Beattie, daughter of Mr. and Mrs. J. S. Beattie of Barnard and Stanley Davidson also of Barnard were married Thursday of last week at Savannah, Mo. The groom is the son of Mr. and Mrs. L. J. Davidson and the couple will make their home on a farm near Barnard.

Party for Mrs. Barrett.

Mrs. H. D. Barrett of Graham and a charter member of the Rebekah lodge at Graham, was given a surprise party Wednesday in celebration of her sixty-seventh birthday anniversary. The guests included the present members of the lodge in that vicinity. They were Mrs. Carrie Smith, Mrs. Stella Elliott, Mrs. Lou Royston, Mrs. Ed Black, Mrs. Lizzie Moery, Mrs. Minnie Sipes, Mrs. [illegible] Graham, Mrs. Mary Schwartz, Miss Lucy Black and Miss Pauline Morgan.

"Thank You, Call Again."

The boys of James Edward Gray Post, American Legion, are very grateful to all their friends over the city who gave response to their request for furnishings for their new quarters in the Ryan building. They have received a number of nice pieces of furniture, such as tables, chairs, book cases and couches of the sort needed for a men's club, pictures, a victrola, records, etc., which they highly appreciate. There are still a few things lacking to make the rooms comfortable, the principal one being rugs. Rugs of any size or kind will be gratefully received by the boys. They are not asking for new things, but for used or discarded articles from the home which will aid in making their rooms comfortable. They have not sufficient funds to buy new goods and these rooms are temporary quarters, as they expect to make a permanent home for the Post when the time is opportune. Mr. and Mrs. J. H. Gray, parents of James Edward Gray, for whom the post is named, have given a life sized portrait of their son, framed, and when the rooms are completed the portrait will be given the place of honor. They also gave other gifts to the boys. Anyone who cares to contribute something to the furnishings may notify any member of the Legion who will be glad to call for it.

Party at Pickering.

Alvin Gray and Elmer Hanna entertained with a snapdragon party last night at the home of Mr. and Mrs. Edward Hanna of Pickering. The guests included Misses Mary Scott, Margaret Shannon, Mildred Bainum, Fern McKee, Mina Harvey, Rowena Hull, Annice Gartin, Slyva Baldwin, Vivian Boatright, Pearl Neal, Hazel Jones, Elna Scott, Iva McDowell, Neva Pence, Leta Gray, Nellie Clayton, Ola [illegible], and Champ Rice, Rolland Rickard, Olen Holt, Irvin Neal, Irvin Shelman, Elmer Hanna, Donald Herbert, Alvin Gray, Curtis Boatright, Lowell Gray, Eddie McKee, Loren Hackett, Alvin Trueblood, Sanford Jones, Everett Swaney and Curtis Hanna.

Presbyterian Society.

The staff of officers of the Missionary Society of the First Presbyterian church which served during the past year were reelected for the coming year at a meeting of the society which was held yesterday afternoon at the home of Mrs. Charles Jackson. The officers are president, Miss Jessie Parcher; vice-president, Mrs. Norman Chamberlain; secretary, Mrs. S. G. Gillam; treasurer, Mrs. Charles Wadley; secretary of literature, Mrs. G. H. Colbert. Devotional services were conducted by Mrs. Henry Foster and the "prelen tonic. "Korea" was the study for the afternoon. A leaflet on this country was read by Mrs. J. A. Ford and a length discussion followed with all members taking part. Two pleasing piano solos were rendered by Mrs. C. Edwin Wells and Mrs. Charles Jackson. The social committee was composed of Mrs. J. H. Eckles, Mrs. Clara Heath and Mrs. F. S. King. At the close of the program, refreshments were served by Mrs. Eckles and Mrs. King. Twelve members were present.

White Cloud Club.

The members of the White Cloud Club met in an all day session Tuesday at the home of Mrs. C. H. Rice. At noon a luncheon was served, and the afternoon was spent in a social manner and sewing. Those present were Mrs. C. T. Frost, Mrs. Will Bracken, Mrs. C. N. Johnson, Mrs. Dona Meek, Mrs. Harry Hunt, Mrs. Raymond Jones, Mrs. Harry Wamsley, Mrs. Paul Saxton, Mrs. C. H. Rice, Ada Neidel, Maye Logan, Emlyn and Neola Saxton, Louise Hunt, Ruby Rice, Junior Hunt, Richard and Harold Bracken. The next meeting will be held on March 11, at the home of Mrs. Will Bracken.

Missionary Meeting.

Mrs. O. C. Hanna was the leader of the meeting of the Woman's Foreign Missionary Society which was held yesterday afternoon at the home of Mrs. J. F. Montgomery, with Mrs. J. C. Allender and Mrs. W. T. Doyle as assisting hostesses. The meeting was opened with devotional services which were lead by Mrs. Sarah Crosby. Chapter V., "A Crusade of Compassion in the Near East," was the subject for study and sub-topics, "On Battle Fronts We do Not Occupy" and "Turkey and Egypt" were discussed by Mrs. Charles McNeal and Mrs. O. C. Hanna. The Mystery Box was conducted by Mrs. Walter Mutz. Seventeen members and one visitor, Mrs. Robert Wells, were present.

Flooring for Bank Here.

The marble flooring for the new home of the First National Bank arrived Saturday and is being put into place this week. When that work is completed and the fixtures are installed the bank will be ready for occupancy. Officials say they expect to be able to move about April 1. With the old building vacated, W. W. and Arch Jones will begin work at once on the remodeling of that structure for the opening of their cafe and rooming house. They were St. Joseph visitors the first of the week and while there made some arrangements for fixtures.—Burlington Junction Post.

Crushed Chest While Playing.

Donald Walker, the son of Mr. and Mrs. Frank Walker, suffered a painful injury Monday. While playing at the Little Brick school, where he attends, one of the larger boys fell on his chest, crushing it in and breaking the breast bone. He went back to school Tuesday but was compelled to go home. A physician was called when the extent of his injury was discovered. He will probably be out of school the remainder of the term.—Burlington Junction Post.

Spring Style Inspirations

Spring is here. The Spring style inspirations are developing into some most wonderful creations.

Millinery for Spring

Designed by Gage Brothers

for the woman who wants to be correct and not corrected

About the first thought a woman has in regard to the new spring styles is about the hat that is to be the crowning point of her entire spring outfit. We have kept this in mind and have collected an early assortment of hats that are not only attractive to look at, but clever creations that adapt themselves readily to individual requirements. Our trimmers have made a thorough study of the style trend and are creating models and adding touches of clever hand work here and there that gives each model individuality.

Hats in medium, large and small sizes in a variety of shapes to meet any demand are here to choose from.

Black is a strong leader while there are many in the spring tones and those with touches of color that adds greatly to the attractiveness.

Flowers, Feathers, Ribbons and hand-made ornaments are employed in the creation of the spring headwear. Veils will also play a prominent part for early spring wear.

Come in and see the new spring creations now on display in the various departments.

COLLEGE FRESHMAN HOLD "PEP" PARTY

Track Meet, Basketball and Football Games, Refreshments and Dancing Feature Evening.

The Freshman class of the State Teachers College enjoyed a party last evening from 5 o'clock until 8 o'clock at the college which was partly as a pep creator for the Kirksville and Maryville basketball game. The members of the class gathered at 5 o'clock in the west gymnasium and held a track meet. Five captains were chosen who were Coach Rice, Marie Price, Mary Carpenter, Minnie Gee and Ernest McDonald. The events were 100-yard dash (peanut race), 200-yard dash (obstacle), hurdle relay (flag), discus and shot put. A basketball game was then played by the two lowest winning teams in the track meet and a football game by the two highest winning teams. A loving cup was presented to the team lead by Miss Price. This was followed by dancing and at 6 o'clock the class enjoyed a grand march into the Demonstration school for lunch. Those present were Mr. and Mrs. Robert Rice, Annette Simmons, Sallie Simmons, Zoe McKee, Marie Price, Mary Carpenter, Minnie Gee, Jennie Dawson, Mildred Smauber, Esq., Helen Tebaw, Lola Moore, Gladys Bookman, Mildred Eckert, Katherine Boettner, Cleo Cohn, Lola Ulmer, Alice Perry, Gertrude Strickler, Mabel Arnett, Alma Tabler, Josephine Grimes, Jessie Faut, Blanche Landfather, Anna Mae Gillis, Lucile Wright, Mabel Cook, Ellen Mitchell, Lena Costillo, Myrtle Breckenridge, Mrs. Crunk, Dena Clark, Priscilla Peck, Susie Crockett, Blanche Hall, Ruth Watson, Iva Williams, Blanche Alexander, Jennie Blackbeck, Julie Lowry, Elizabeth Robertson, Mary Irwin, May Prusatsun, Winona Tyler, Maud Fleming, Dena Goslee, Kenneth Carter, Ernest McDonald, Cleo Richards, Fred Masters, John Phipps, Jasper Adams and Marshall Long.

CHICAGO BISHOP LEADS NATION-WIDE EPISCOPAL DRIVE

Rt. Rev. Charles P. Anderson, D. D.

The nation-wide campaign of the Episcopal church, which in the last few weeks has aroused the interest of all church and social workers in this country, is bringing local church workers into closer touch with the leaders of the church than anything done in recent years. Chief among the church dignitaries in the work is the Rt. Rev. Charles P. Anderson, D. D., LL. D., bishop of the diocese of Chicago.

Bishop Anderson was elected chairman of the joint commission on the nation-wide campaign of the Episcopal church at the general convention held in Detroit in October.

The bishop was born in Kemptville, Canada, September 8, 1863. He took his first degree at St. John's college, Toronto, where he was made an archdeacon. His first charge in the United States was as rector in Oak Park, Ill., a suburb of Chicago. He was bishop of the Chicago diocese in 1905, and has been a leader of the church in the middle West since that time.

In the spring of this year he was leader of the commission which toured Europe in the interest of an international conference of Christian churches.

WAR LESSONS TO AID MAN IN PEACE

HARVARD SURGEON ADAPTING SURGERY OF BATTLEFIELD

NEED MADE TECHNIQUE

Facial Injuries Received in War Treated so That Disfigurement Was a Minimum.

Cambridge, Mass.—Lessons in plastic surgery learned in war are to be adapted to the needs of peace to the end that facial injuries received in accidents, industrial or otherwise, may be so treated that disfigurement may be reduced to a minimum or entirely eliminated.

One of the leaders in the movement is Dr. Y. H. Kazanjian of the chair of oral surgery at Harvard Dental School. Dr. Kazanjian was a major in the First Harvard Unit, and during the war restored the fees of hundreds of soldiers whose faces were partly shot away, whose jaws were shattered and whose noses were mutilated or whose tongues were paralyzed. He is now engaged in fitting the surgical methods he learned in war to the needs of peace.

In his laboratory, surrounded by plaster casts that illustrate the methods he is using, Dr. Kazanjian outlined some of the surgical principles and practices he follows:

"It was not I," he said, "nor was it my assistants. It was the great need of the times that evolved the technique which made it possible for injured men to speak again, to look something like they did before. Take the need, add patience, and hope, and resourcefulness, and you have the ingredients that will bring the surgeon to success, in most cases of shattered jaws or paralyzed tongues, or noses shot away. Small credit is due the doctor when we consider the enormous need that made the new invention necessary.

"First of all, you have to see to the general health of the man. Perhaps the whole lower portion of his face is gone. You have to prevent hemorrhage, see that you keep him alive, and that he doesn't develop septicemia. Then you have to feed the man.

"You must remember that in most of these cases the patient, whether in war or in industrial accident, can neither eat nor speak. So a tube has to be let down his throat or inserted through his nose to provide liquid nourishment. Then the surgery begins.

"First the oral surgeon has to see what the gunshot, or the automobile accident, or the pitiless factory machine has left in the way of bone or tissue, to be patched together. Bring the shattered bones together, or hold them together by mechanical appliances to prevent deformity. Then stitch or suture the parts into their original shape, as nearly as you can.

"The majority of cases may be brought to decent shape in four or five weeks. When there has been loss of the lower jaw or part of the nose, or much tissue, you have your real difficulties.

"The general principle of reconstruction with those who have lost much fleshy tissue is to be patient and wait long for a good result. Tissue will grow. Lost bones have to be replaced by dental plates, new kinds which the exigency of war gave us ideas for inventing. Tissue which will not grow itself may be replaced by plastic operations. About the face of most adults is enough spare tissue so some may be taken from one part and added to the other. This must be done.

"The aims of the plastic surgeon must be two—in milder injuries to make the surgery almost indistinguishable, in more serious injuries to make the patient's appearance pleasing — not ghastly.

"These two aims may be achieved in every case. The surgeon, in addition, must see to it that the patient is fitted with dental appliances which shall make him able to speak and to masticate his food. Articulation may be restored, even in cases of shattered tongue. This is done by elongating the tongue, stretching it mechanically till the uninjured part is as long as the whole tongue was at first."

WOOL HOLDINGS IN U. S. LESS THAN LAST AUTUMN.

Washington, D. C.—Even distribution of the commercial supply of wool on hand December 31, last, is indicated in a report issued by the Department of Agriculture covering stocks in the country on that date. The total holdings, the department announces, were 624,000,000 pounds, grease equivalent, or 105,000,000 less than on September 30, 1919.

Manufacturers reported holdings of 244,000,000, and dealers 242,000,000 pounds, grease equivalent. It was explained that the dealers did not own all the wool reported in their possession, in many cases they were agents for the real owners. Although the figures appear large, the department says the amount of wool on hand was hardly more than a reasonable reserve.

The government's holdings of wool have decreased materially since last year. They were 383,746,502 pounds on December 28, 1918, but had fallen to 28,252,000 pounds on December 31, 1919. This shows, it is contended, that the government had released its wool holdings as rapidly as possible in such quantities as the market would readily absorb.

Mrs. Will Foster returned last night from a visit of several days at Conception where she was the guest of Mr. and Mrs. N. W. Nelson.

Elias Orear returned last night from a months business trip to Comanche, Texas.
